

WELCOME NOTE FROM THE PRINCIPAL

Dear parents and students, Wholehearted welcome and sincerest greetings from YALE. We have almost finished the Midterm of the session 2017-18 successfully. I would like to congratulate the O' Level (IGCSE) 2016 batch for their excellent results and expect the same from them in the A' Level. This year, six students from YALE have achieved the Daily Star Award for their outstanding results in the O' Level examination. Including the regular academic activities, several extra-curricular activities, such as Coloring Blast, Rhymes with Activities, etc. have been taken place. Awareness programs like Global Hand Washing Day and Plantation were arranged in a more effective way. Simultaneously, students are taking part in conferences like IIMUN. Annual Recognition Program, 2016-17 was held with an enthusiastic presence of the Awardee students, parents and the Board of Management of YALE. At last, I would like to thank all our parents for their constant support to our ongoing process of improvement in both academic and administrative segments for the betterment of the school.

Thanks & Regards

Muhammad Hasanuzzaman

NOTE FROM VP & HOA

Welcome to the 1st YALE NEWSLETTER of the session 2017-18. In YALE, each day is filled with new experiences and this newsletter attempts to let you have a glance of those exciting phases of our students' lives.

YALE's curriculum and practices ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. I encourage all our teachers and parents to help our students to meet and exceed the expectations we have set for them - learning for every student every day.

Apart from academics, each year we celebrate a number of national, communal, sports and cultural events. It is our belief that our children of today are our leaders of tomorrow. Thus, the school offers several opportunities for our students to become leaders and servers of our community. Such opportunities are provided to them to increase their PRIDE- P - Personal growth, R - Resiliency, I - Innovation, D - Diversity and E - Engagement.

As an educator and instructional leader, I believe in approaching all situations with a student-centered, team approach. Doing what is best for children is critically important, and this enables children to grow and excel in all areas. Building relationships with all significant stakeholders is very important to YALE. Thus, throughout the past year, we created several opportunities to meet our parents, students, community members, and staff to ensure students learn and grow every day at YALE. Working with key stakeholders also allows us to feel a sense of pride and motivates us to continually communicate and collaborate in an effort to meet the needs of our students.

As the Mid Term Exam is about to start, I am excited to find all our students to perform to their best.

As a closing note for today, I would request my parents to please take a moment and visit our school's website and Facebook page to keep themselves up to date about their child's school life.

As always, please feel free to contact us with any questions or concern that you have to bring betterment to our students.

Best Wishes,
NUSRAT KHAN
Vice Principal & Head of
Academics, YALE
