

## WELCOME NOTE FROM THE PRINCIPAL

Dear parents and students,  
Wholehearted welcome and sincerest greetings from YALE.  
As we are almost at the end of the session 2017-18, I would like to have a review of the last term. The academic plans for each level is completed successfully. The academic team is in a practice of continuous research for the betterment of the students. As a part of learning enrichment, four study tours were arranged for different levels at different places which we believe has enhanced their knowledge a lot. Team YALE was also active in arranging regular events like different competitions (Art, Spelling, Story Writing, Bangla Hater Lekha, Rochona Lekha, General Knowledge, Book Reading, Picture Description etc.) including Science Fair & Book Fair. We did the Annual Sports successfully. Senior school students had also presented an amazing cultural program to pay their tribute to our martyrs on the 26th March.

For the upcoming session 2018-19, we are looking forward to having another successful year with the kind cooperation from the parents. At last, I would like to wish 'Good luck' to our dear students for the Final Term Examination.

Thanks & Regards

We are proud of you!

## PARENTS TEACHERS DAY

The 3rd Parents – Teachers Meeting for the session 2017-18 was held on 16th March, 2018. The enthusiastic presence of the parents from PG – STD XII made the day a huge success.

## NOTE FROM VICE PRINCIPAL & HOA

We are almost at the end of another fun filled, exciting and successful session! Wishing our students including O and A level examinees a vivacious exam time where they can reflect their best to demonstrate their knowledge that they have gained all over the year. My sincere gratitude to the team of faculties for giving their best to generate the best out of their learner bunches.

I would also like to thank all our parents for their constant support over the years. We would request you to kindly consider giving your time to your children as much as you can to let them feel special and to help them give their best for their betterment. As Bruce Perry said, "The best toys a child can have is a parent who gets down on the floor and plays with them".

Another important notification to all our students - Avoid the Summer Slide – READ! Sometimes with the change in schedule and less reading over the summer we notice a marked decrease in student reading levels when they return to school after the long vacation. I would strongly request our parents to help your child maintain his/her reading development and continue to grow by reading over the summer. You can choose any fitting reading material that suits your child's age and interest. "Reading should not be presented to children as a chore or duty. It should be offered to them as a precious gift." —Kate DiCamillo.

And my dear students! Don't forget to be in touch with your basic Language and Math proficiency work! That will actually help you to have a great start of your next session. Good luck!!!!  
Best Wishes
